37 There are two points for consideration.

(1) The question of transfer of control or management of the forest areas under RD to the Forest Dept, for which, the officers suggest the procedure in their letter dt 31-10-59 at p. 19/c

(ii) The second point is about the land. They have pyramidated areas in Shimoga Dist and Lane, according to the G.O. of 5.10-59, recommended a second batch of areas to be disafforested and released for the rehabilitation of the oppropriated ryots under Sharavathy Valley H.E. and Bhadra Reservoir projects.

38 We may agree with the recommendation of the officers mentioned in para 36 above, and the G.O. put up at p. 61/c may be issued. Here it may be added that RD's concurrence is only

the Divisional Commissioner and the Chief Conservator of Forests in Mysore. Please see the ultimate para of the draft Government Order at page 65 obverse which has been removed by the Revenue Secretary. In this connection, I would like to point out that in para 46 of the notes, I had emphasised the point that we would be willing to release forest area only on condition that all the areas which are being called district forests, revenue forests and inam forests and are under the control of the Revenue Department are immediately transferred to the Forest Department for management. Time and again, I have been emphasising the point that it is incongruous to call certain areas as forests and still keep them in charge of a department other than the Forest Department which has the necessary technical personnel to manage and improve the forests. While I agree that some of these areas may not contain any growth and may not have the characterstics of a regular forest, it will be easy to realise that these areas have a lot of potentiality of being developed into good forests. In our State we have got barely 18% of the total land area under forests as opposed to the prescribed 33-1/3% under the National Forest Policy. In recent years, we have lost large areas of beautiful forests partly due to the vast irrigation projects and partly due to large scale releases for cultivation. The irrigation projects not only take away the area by submersion under water, but also have an indirect effect when we are forced to release neighbouring forest areas for settlement and rehabilitation of expropriated ryots. I have been releasing the areas for this purpose on humanitarian considerations but

54 The Forest Department under my control has put up a Government Order regarding release of certain forest areas for cultivation in Shimoga and North Kanara Districts for rehabilitating the expropriated ryots. The total extent of land to be released is more than 1,500 acres and the G.O. had to be issued in consultation with the Revenue Department in the Secretariat as the release of lands was based on a proposal arising out of the joint inspection held by

(1) there is no objection to the inclusion of the para proposed in the draft Government Order; and

(2) to issue suitable orders immediately in connection with handing over of the forest lands under the control of the Revenue Department to the Forest Department.

While I am bringing some of these facts to the notice of the Minister, Revenue, I must also make a mention that I have had occasions to observe in several cases that the Local Revenue Officers did not consult their colleagues in the Forest Department whenever they release forest lands. In many instances because of such a lapse on the part of the Revenue Officers, I have had to agree to the release of large chunks of forests even though left to myself I would not have done so. I have asked my department to collect details of such cases which I will forward to the Minister, Revenue in due course. But, in the meantime, I would request him please to instruct his subordinate officers to consult the forest officers in cases of all land grants. 56

very reluctantly, and that is why I have always emphasised that whatever areas are potential forests should be transferred to the control of the Forest Department which alone can develop and manage them. In para 46, I had requested the Minister, Revenue Department, to see that orders to this effect are issued immediately and I was expecting that such orders would emanate from the department in a short while. That is why in the draft Government Order put up, the ultimate para mentioned that orders regarding the transfer of management of forest lands under the control of the Revenue Department would issue separately. I do not think there should be any objection to have such a clause in the Government Order.

55 It is with regret that I have to point out that instead of helping me in organizing and increasing the forest area, all that has happened in the Revenue Department is the issue of a D.O. letter on 31-5-1960 which does not, in my opinion, amount to anything at all. It is stated therein that the Local Officers in the districts should sit together and make an assessment of the areas under the control of the Revenue Department which could be transferred without detriment to the local interests, to the Forest Department. During my frequent tours all over the State, I have had occasions to discuss these matters with the Local Forest Officers and I must say that the actual result of the D.O. letter referred to has been negligible, if not nothing. I would therefore request my honourable colleague, the Minister, Revenue, to please reconsider the entire matter and see that -

(58) I have gone through the records. I quite appreciate the anxiety of my friend to develop the Forests in the State. I am sure he will appreciate the difficulty of the Revenue Department in issuing a general order of the type suggested by him. In some cases, the entries in the revenue accounts which were made years ago may not correctly depict the present state of affairs and some lands classified as Forest may have lost the character of Forests, some other lands may have become irrigable and due to all such reasons, it will not be proper to go by those entries. Before an order is passed, the Officers of the Forest Department must inspect the areas and decide whether these lands are fit for afforestation and a list of such lands will have to be prepared by the Forest Department and furnished to Government. I have absolutely no objection to hand over to the Forest Department all the lands on which there is thick growth and such of the areas as are fit for afforestation, subject, of course, to the rights and privileges of agriculturists. I have no objection to retain clause-5 in the draft Government Order. The problem of the expropriated ryots is a human problem and this will have to be settled very early. My friend, the Minister for Forests, may kindly agree to the draft Government Order.

suggested to stipulate a condition that the grantees should not claim any rights or privileges in the State Forests and that they should be held severally and collectively responsible for any illicit fellings, damage by fire or other agency to the State Forests within a zone of ½ a mile from the boundary of their lands. He has requested to direct the R.D. to stipulate a condition as suggested while allotting the lands.

A

(65) As regards the removal of malki in these lands, he has pointed out that unless a reasonable time is given for the removal of the malki, the full value of the maiki will not be realised and however, he has promised to arrange for removal of malki in areas where it is not heavy by the end of Dec. 1961. In the areas where the malki is heavy, he wants time at least upto end of March, 1962. In the interest of getting the full value of the malki, he feels that the time limit proposed is very necessary.

2. Release of 100 acres in S.No.19 and 100 Acres in S.No.20 of Hurlihalli.

The Committee has decided to inspect and take decision on the spot.

3. Release of 440 Acres in S.No.25 and S.No.26 of Lakkinkoppa.

The Committee has decided to Inspect the Area.

44 Release of 30 Acres in Korlakoppa

(174) The Committee has decided that 30 acres of land may be released out of the area reserved for 'Forest Nursery' and the released area lying above the channel level which is not going to be irrigated may be handed over to Forest Deptt.,

(175) Finally, the Committee proposed to inspect the areas coming in Sagar and Ambligola side on 20th and other areas in Shimoga and Bhadravati on 23rd.

Submitted for perusal;

2) Release of 50 Acres of land in Settikere, Masarur State Forest:

This area is reserved for Inspection by the "Two Man Committee".

3) Release of 300 Acres of land in Settihalli, Chitra - gettyhalli and Agasanahalli in Shankara State Forest

169 These areas have been inspected by the Spl. Officer and it is stated that an extent of 1,200 acres as indicated by Sri. Bhoopalam Chandrasekaraiah will not be available and that there are small vallies (2 or 3) which may be at best about 300 acres of cultivable land may be available and there are no applications for this area for the present. It was suggested that the sketches may be got prepared and the boundaries of these vallies also marked on the spot before the Committee can inspect the area and take decision.

4) Release of 120 acres in S.No.45 of Thuppur in Tuppur State Forest:

This area is reserved for Inspection by the "Two Man Committee".

5) Release of 90 Acres in S.No, 1,81 and 84 of Bhyrapura and 55 Acres in S.Nos. 15 and 22 of Kireharka in Karadibetta.

178 The area in Bhyrapura will be inspected by the Committee in consultation with the E.E., Ambligola Project and the other areas will also be inspected by the Committee and decisions taken on the spot.

MYSORE GOVERNMENT SECRETARIAT REVENUE BRANCH. 12679 17 OCT 1961

R.D's Opinion :

(178) "R.D. may agree to these conditions being imposed while releasing the lands in question for cultivation.

(179) It may, however, be stated that these conditions could be enforced only if the lands are granted to a co-operative society and not if the lands are disposed of in favour of individuals. The Special Officer and the Deputy Commissioner may be requested to examine this aspect of the matter in consultation with the A.R.Cs. before disposing of the land".

for Rehabilitation may inspect 1,200 Acres in Settihalli and submit their recommendation. According to the Recommendation of the Three Man Committee, only an area of 100 Acres of land in Settihalli and Chitrasettihalli village has been recommended for release vide para n/f. Hence, C.C.F. feels that the question of releasing 1,200 Acres in Settihalli immediately does not arise. He has also informed C.F., Shimoga not to take any action for releasing 1,200 Acres of Settihalli as order in G.O. dated 15-2-1962. He request that his action may be ratified.

203) In the G.O. Dt.15-2-62, Govt. have ordered to remove the timber and other forest produce in the areas now ordered to be disforested by the end of this Month (31-3-1962). C.C.F. feels that the time fixed for removal of tree-growth is too short and however, he has instructed the C.F., to complete the clearance before the commendement of the rainy season.

GOVERNMENT OF MYSORE

1 The matter was discussed in detail. Taking into consideration, the extent of the cultivated land coming under submersion, it was decided that at least five thousand acres of land fit for cultivation both in District and State Forests should be released for being granted to the expropriated agriculturists. It was also decided that the Divisional Commissioner, Mysore Division, and the Chief Conservator of Forests in Mysore, Bangalore, should inspect the forest areas jointly in the District and State Forests in Shimoga, Chickmagalur and North Canara Districts, and decide which of the areas can be released for cultivation. They will be empowered in this behalf and their decision is final subject to ratification by Government.

revenue forests i.e. Inam forests etc.

2 They may also recommend to Government the District Forest areas which can be handed over to the management of the Forest Department.

Please calculation Today

3 It was further decided that the Malki existing on the released forest lands should be disposed of by the Forest Department very early after the decision is taken by the Chief Conservator of Forests and the Divisional Commissioner, Mysore Division. Orders may be issued urgently on the above lines in the A.& F.Secretariat, and copies of the orders sent to the Divisional Commissioner, Mysore Division, and the Chief Conservator of Forests in Mysore, Bangalore. The matter should be treated as very urgent.
